

Italian style

The entire process is "Made in Italy" from the research to the development, top quality packaging and product. High quality raw materials are used and are all checked in our laboratories.

Quality management system

The "Quality Management System" was successfully certified according to European Standard ISO 9001:2015, ISO 14001:2015, ISO 22716:2007 and OHSAS 18001:2007

"Nivel has been producing innovative and environmentally friendly detergents and cosmetics in Lucca, Tuscany, since 1981. The entire range of products is organic certified, innovative and eco-friendly and each production process respects the principles of sustainability and social equity. In Nivel we share the belief that *leading an eco-friendly and sustainable lifestyle depends on our own daily actions*. Our goal is to leave a healthier world and a sustainable lifestyle to the future generations".

Daniele Simi, General Manager NIVEL SRL

Our brands and private label

Biolù, Biopuro and Tiama are the brands we produce and we also develop and manufacture private-label products. Our products are marketed in Italy and sold both by small retailers and by large supermarkets chains. We also export to many European countries, to Asia and to the United States.
